The following hotels are near the venue ([○](#)) and available with the reasonable price, which many participants have stayed every year.

[The participation fee and excursion fee]

The participation fee for one day is **XX,000**VND. It is used all only for the refreshment.

The excursion fee is **XX,000**VND. If you join the excursion, as I will pay the total amount for all the people who will join the excursion altogether at one time to the travel company in advance, please pay me it at the venue.

It would be helpful if you could pay me those by VND. If you need the receipt, please tell me it.

The following is a list of local restaurants that are within walking distance. I have been to them, and I can believe those are good for lunch, but they would be difficult to find.

(some of them would be closed in the lunch time)

[The Cost for the Taxi and Meals]

- The cost of the taxi for one way between the airport and Duy Tan University is about **100,000VND**.
- The cost of the lunch in normal restaurants, where the credit card (VISA and Mastercard) cannot be used, would be less than **100,000VND**.
- The cost of the dinner in the normal restaurants, where the credit card cannot be used, would be less than **200,000VND**.
- If it comes to the restaurants more than those, the credit card can be used.
- Normally, if you will have some expensive food, it is reasonable if you suppose the costs of those lunch and dinner for one time would be about **400,000VND** and **600,000VND**, respectively. (Of course, there are meals more than those...)

[NOTE]

There is no currency exchange in Da Nang except for the airport.
